The break requirements in 9 Ball are that 4 object balls must contact a cushion or at least (1) object ball must be pocketed. The 1Ball is positioned at the top of the rack and must Be contacted first on the break. If any of these conditions aren't met, the opposing player receives ball in hand. **THE BALLS ARE NOT RE-RACKED.**

If Team A names a "Blind" (not literal) player, Team B may name their player and switch it as many times as they wish as long as it is done within the required 5 minutes that they have to start the match.

The "breaking" player may either rack for themselves or may choose to have their opponent rack. The person **RACKING** may use whichever rack they wish (template, wood, metal, or plastic).

If a player releases (throws or slams) his stick in frustration onto the table, the opposing player will receive all remaining points that are on the table (regardless of whether any balls were disturbed). Players are expected to exhibit good sportsmanship and to respect the pool tables. It is a privilege to be able to play in the venues that we play.

Timeouts are not to exceed 1 minute and begin at the time the timeout is called.

Handicaps 5.0 and above receive 1 timeout per game.

Handicaps 2.0-4.5 receive 2 timeouts per game. (Yes, "2.0"s only get 2 timeouts in 9 ball)

Each player may change coaches 1 time per match. Once the new coach is named, the player can not switch back to the original coach. Once the coach walks away from the pool table, the timeout is over.

RECYCLING (Ghost Rule): Each team may recycle 4 **times** during the session and no more than once in a given night.

Recycled player can be any skill level (except "7.5") as long as the "26.0" rule is met.

A player may be recycled in back to back matches and can be used at any time and for any reason (including if a team has all 9 players present). The recycling team gets to choose the player to be recycled and does not have to give any advance notice that it may recycle.

Recycling is not permitted in the last 2 weeks of the session.

New players may not be added during the last 3 weeks of the regular session.

If the team match is going very quickly, the 5th match does not have to start until 9:40 PM in the event that 1 of the teams does not have their 5th player present yet. If a player leaves early and does not play, the team of that player loses the right to exercise the 9:40 rule to their benefit.

"Push Shots" following the break ARE permitted. **THEY MUST BE CALLED**

3 consecutive fouls in one game does NOT result in a loss of game.

Only (1) "7.5" can play per team per night.

Projected Payouts

Tournament Champions	\$2,300
Tournament 2nd Place	\$1,300
Division Winner	\$ 200
Week 18 Winners (\$80 x 7)	\$ 560
Random Drawing Winner	\$ 240

MVPs of their skill level category (2.0-3.5, 4.0-5.5, 6.0-7.5) will receive a plaque.
Qualification S/L is where you played a majority of your matches, lower if tied
Example: A player played 4 matches as a 5.5 and 4 matches as a 6.0. They would be qualified for the 4.0-5.5 category, not the 6.0-7.5 category.

MVP Rules - 8 **total matches** required to win MVP (This division, this session)

The player with the best "AVG PPM" wins the MVP. It will be calculated to as many decimals as needed. If 2 players have the EXACT same "AVG PPM", the player who played the most matches wins. In the unlikely event that 2 players have the exact same "AVG PPM" and also have played the same amount of matches, the player with the better match record will win. The next tiebreaker will be strength of schedule (determined by average HC of opponents).

Explanation of "AVG PPM"-- "AVG PPM" is the average match points scored per match played. It is calculated by taking the "total amount of points scored" / "total matches played"
Example..... Jordan Chickenfinger played 12 matches and his "Points For" was 71.
his "AVG PPM" would be $71 / 12 = 5.92$.
