Team rosters in red (below) have Captains who are more than \$90 in arrears. Please call league office to check if these teams are be permitted to play or if they must forfeit until further notice.

Although win percentages shown above only go out 3 decimal places, positioning week (week 19) round and playoff seedings will use as many decimal places as needed to determine seedings.

The break requirements in 9 Ball are that 4 object balls must contact a cushion or at least (1) object ball must be pocketed. The 1-Ball is positioned at the top of the rack and must be contacted first on the break. If any of these conditions aren't met, the opposing player receives ball in hand. **THE BALLS ARE NOT RE-RACKED.**

On any shot in which a foul occurs (including the break shot), the player who fouled will receive 0 points. Balls that are pocketed or jumped off the table will count as dead balls and stay down. The opposing player receives ball in hand. The exception is if the 9 ball is pocketed or jumped off the table. In this case, the 9 is spotted.

If a team names a "Blind" (not literal) player, the opposing team may name their player and switch it as many times as they wish as long as it is done within the required 5 minutes that they have to start the match.

The "breaking" player may either rack for themselves or may choose to have their opponent rack.

The person **RACKING** may use whichever rack they wish (template, wood, metal, or plastic).

If a player wants to rack for themselves, they must adhere to the guidelines of proper rack which means the 1 should be on the spot and the rack should not be "tilted". If the opponent suspects that the person racking is intentionally not doing these things, they can (within reason) call them on it. The person racking may use whatever rack they wish as long as the opponent agrees. If they don't agree, a wooden or plastic rack must be used. If the players agree at the start

of the match that a template rack may be used but then later, one of the players no longer wants to use the template, a wooden or plastic rack will be used for the duration of that individual match. **IN SHORT...BE ADULTS ABOUT THIS!!**

If a player releases (throws or slams) his stick in frustration onto the table, the opposing player will receive all remaining points that are on the table (regardless of whether any balls were disturbed). Players are expected to exhibit good sportsmanship and to respect the pool tables. It is a privilege to be able to play in the venues that we play.

Timeouts are not to exceed 1 minute and begin at the time the timeout is called.

Handicaps 5.0 and above receive 1 timeout per game.

Handicaps 2.0-4.5 receive 2 timeouts per game. (Yes, "2.0"s only get 2 timeouts in 9 ball)

Each player may change coaches 1 time per match. Once the new coach is named, the player can not switch back to the original coach. Once the coach walks away from the pool table, the timeout is over.

RECYCLING (Ghost Rule): Each team may recycle 4 **times** during the session. Not more than once in a given night. Recycled player can be any skill level (except "7.5") as long as the "26.0" rule is met.

A player may be recycled in back to back matches and can be used at any time and for any reason (including if a team has all 9 players present). The recycling team gets to choose the player to be recycled and does not have to give any advance notice that it may recycle.

Recycling is not permitted in the last 2 weeks of the regular session or in postseason. The "seeding" round is the last week of the regular session.

New players may not be added during the last 3 weeks of the regular session.

If the team match is going very quickly, the 5th match does not have to start until 9:40 PM in the event that 1 of the teams does not have their 5th player present yet. If a player leaves early and does not play, the team of that player loses the right to exercise the 9:40 rule to their benefit.

"Push Shots" following the break ARE permitted. **THEY MUST BE CALLED**

3 consecutive fouls in one game does NOT result in a loss of game.

Only (1) "7.5" can play per team per night.

*****In week 19, the winning team of each match will receive \$90**

(If 25-25 tie, the team that wins at least 3 individual matches wins the tiebreaker).

Week 19 is a "pay to play" week like all other matches during the regular session.

Players must play at least **8** matches to be eligible for individual awards for this session/division.

Players must play at least **6** matches to qualify for postseason for this session/division.

Forfeits (for this division) **during the regular session** will be handled as follows...

Any team that forfeits an individual match will receive 0 points for that match and must pay the \$18 for that match. The \$18 includes the \$9 for the opposing team that is benefitting from the forfeit.

The team that benefits from a forfeit will receive 7 "points for" and 3 "points against" and will not have to pay for a forfeit win.

The rationale for this is that it is unfair for teams to play an entire session and not make the postseason because a "bubble team" received numerous forfeit wins by pure random chance and no skill whatsoever. A full win (1 point) should only be awarded if the match was earned by playing and winning on the pool table. Remember, teams are ranked according to win percentage. If a team is the beneficiary of a forfeit, their named player still gets credit for a "match played" in regards to postseason eligibility. They

will not get credit for a "match played" in regards to MVP eligibility and they will not receive credit for a win or a loss for their individual statistics.

In postseason, the beneficiary of a forfeit will receive 10 points. The "forfeiting team" will receive 0 points.

Only (1) "7.5" can play for a given team in a given night

A player who meets the minimum number of matches to qualify for postseason must be on the roster they qualified for at session end to play in postseason. If a player switches teams during the session, the league will at its discretion determine if that player can shoot in postseason for the team that it finished the session with. The league office may also force that player to play at a higher handicap for postseason.

Please be considerate of the players who are shooting the match. If a player fouls, it is the responsibility of his/her opponent to call the foul. The teammates who aren't shooting the match are not permitted to tell their player that the opponent fouled. A timeout can be used to alert a teammate that they believe that the opponent fouled. Players are expected to be "good sports" when committing a foul but are not under obligation to tell the opponent if they were not paying attention. **If a player commits an obvious foul, but the offending player doesn't realize he/she fouled, the teammates of the OFFENDING player should alert THEIR OWN PLAYER that he/she fouled.**

If the 2 players disagree that a foul occurred (even after a timeout), the ruling is that no foul occurred.

Helpful Tip: *Smartphones with slow motion video capabilities will reduce the chance of arguments.*

Players must play a minimum of **7** matches in this division to qualify for postseason. Play-In Matches ARE considered postseason. Players switching to another team during the session must be approved by the league office. League office reserves the right to bring players who are switching teams in at whatever skill level it deems fair. Example.. Charlotte is a 3.0 and went 0-5 for the "Basement Dwellers". With 4 weeks left in the session, she decides she wants to play for the team that is in first place. The league office can bring Charlotte back on to the first place team at whatever skill level it believes is appropriate to maintain integrity within the league.

Break And Funs This Week

Break And Funs This Session

MVPs of their skill level category will receive a plaque. The 3 categories are (2.0-3.5) (4.0-5.5) (6.0-7.5)

MVP Rules - 8 total matches required to win MVP (This division, this session)

Each player will have an "MVP Score" on the standings. It is calculated as follows.....

(Average PPM+ ((Points For - Points Against)*.05))/10

Example... A Player with a "Points For" of 56 and a "Points Against" of 34 would have an MVP score of

((56 / (9 matches played))+ ((56 - 34)*.05)) / 10 =
((6.22) + (22 x .05)) / 10 =

$$(6.22 + 1.1) / 10 = .732$$
